12. Professional Experience

2020 – present "Alukal Group" - Controller

2015 – 2020 "EY" - Manager in professional practice department

2014 – 2015 "PKF" - an intern

13. Summary of my Activities and Future Plans

I hold M.A. in Accounting from Bar-Ilan University and BA degree in Economics and Accounting from the Ruppin Academic center and certified accountant since 2015. During the certification process, I have ranked highest (gold medal) on the certification exams of the accountant's council on the subject of Advanced Financial Accounting amongst all of the exam attendees.

I have 5 years of experience in the professional practice department of the accountants firm E.Y, of which 3 years as a manager in the department. Since 2014 I give lectures in courses of Accounting and Financial Reports Analysis on various academic institutions.

Nowadays, I am working in the academic field. I plan to pursue a PhD and progress further in the academic world.

As part of my PhD research, I aspire to check and examine the correlation between the cornerstones which serve as the basis to the principles on which predictable accounting standards are formed, compared to the regulatory needs (in order to create transparency for the financial reports customers) on one hand, and the effects reporting has on the firm (in all aspects relating competition with other firms) on the other hand.
